Endangered species/ Kindness towards animals

Introduce the endangered species in your country and write a few informations about them.

- Perihan Koçaş / Kılıçarslan primary school /Aksaray /Türkiye.** Bald ibises are among the endangered animals in our country.

The bald ibis is a very distinctive bird species with a featherless head and red face. The fact that he has no feathers on his head and his face is red attracts a lot of attention. It is also seen that this bird has a curved and long beak.
